

Instructions for Downloading Commercial Content from the XDS Pro Receiver

You will need the IP Address of that receiver. You can get it from the front panel of the receiver by using the keypad and going to Setup > Network > LAN Address. Then browse to the address on a PC on your network:

Setup Network

LAN Address

10.10.19.160 (example)

Address	http://10.10.19.160/
---------	----------------------

After you enter the IP Address on your browser, you will see the receiver's log in screen:

A screenshot of the receiver's login screen. It features a light blue background with a dark blue border. There are two input fields: "User Name:" and "Password:". Below the fields is a "Login" button.

Login info:

Username: **tech**

Password: Use your Affiliate NMS (myxdsreceiver.cmng.com) password OR you can use the receiver's daily password (Setup > Serial # > PWD).

Once you are in the receiver's status screen, click on the **Content** tab:

A screenshot of the receiver's status screen navigation tabs. The tabs are "Programming", "Content", and an empty tab. The "Content" tab is highlighted with a dashed border.

Once you are in the Content area, click on the **Audio**, **Traffic** or **All** tab:

A screenshot of the sub-navigation tabs for the Content area. The tabs are "Audio", "Traffic", and "All". The "Traffic" tab is highlighted with a solid blue background.

Once you are in the chosen area, you will see a list of all the commercial content saved on the receiver. Click the "All" tab to see audio AND Traffic Instructions:

General				Programming	Content	Lo
Tuner: Locked Audio: A B C D		Audio	Traffic	All		
	SearsHm-RooFng(60ABC8889902233)	60ABC8889902233	XDS-AUFLDEL-9-201191019-DMA9-60ABC8889902233		2011-07-13	
	ServiceMago(SERVICINGHOMEABC30)	SERVICINGHOMEABC30			2011-07-13	
	ServiceMago(SERVICINGHOMEABC60)	SERVICINGHOMEABC60			2011-07-13	
	Staples-Fall(QSRA10670000)	QSRA10670000	XDS-AUFLDEL-24-2011101510-DMA101-QSRA10670000		2011-09-27	
	Toys R Us-Bonus(BRUGENERIC)	BRUGENERIC			2011-09-20	
	Traffic Instructions For WKMC-AM For 2011 Week 39B				2011-09-27	
	Traffic Instructions For WKMC-AM For 2011 Week 40A				2011-10-03	
	Traffic Instructions For WKMC-AM For 2011 Week 40B				2011-09-26	

You can save any of the recorded files by using the "Right Click / Save As" method and saving them to a file on the PC. You can now use the saved files as you see fit.

NOTE: Traffic Instructions will arrive closer to air time than the Commercial Schedules and have more details about when a specific spot can be used.

NOTE: If your XDS receiver has DHCP enabled, the IP Address **WILL** change if the receiver is rebooted and will need to be retrieved again.

If ISCI's are missing in the Commercial Schedule, station staff can find them in the Traffic Instructions.

In the event of any problems or questions, please contact **Cumulus Media Networks Technical Services**, 9AM – 7PM Eastern Time, Mon – Fri:
